## Bible Memory Verse

Matthew 6:22-23

The eye is the lamp of the body. If your eyes are good, your whole body will be full of light. But if your eyes are bad, your whole body will be full of darkness. If then the light within you is darkness, how great is that darkness!

This week we are heading over to Sacred Heart Community Services to serve the community and staff as they recover from the Thanksgiving services they provided over the weekend. This is a special service only provided by our 5<sup>th</sup> graders as a service to our community and a great lesson in thankfulness.

In response to several parents concern regarding homework, I have added the homework page to the 5<sup>th</sup> grade wiki-page. Go to <http://achiever5.wikispaces.com/Homework> and click on the HOMEWORK link to see the work due for the week. The best learning takes place in an organic environment that allows for change. As we spend more time on a subject it often requires us to adjust our schedule to accommodate for the changes. I update the schedule daily with all of the students. As the homework schedule changes so will the wiki page to verify the information.

After a week of taking it easy on the homework and assessments it's time to get back into the groove. We have one week of regular classes and schedules, then next week we will be getting ready for the Christmas Musical. This week will involve time outside of the classroom to prepare for the event. Students will have homework, just a much lighter load. Much of the homework will be taken with them to rehearsal during the day. Several students may get the work done before, but others may not. I will be telling students to TAKE ALL of the WORK HOME. That way you can look over their progress and check that it's getting done.

Continuing to partner with you,

*Mrs. Truong*
